Summary

Detail-oriented Java Full Stack Developer (Fresher) with strong skills in **Core Java, Object-Oriented Programming (OOP), Collections Framework, Exception Handling**, and JDBC. Experienced in backend development using **Spring Boot, Spring MVC, Spring Data JPA, Hibernate ORM, RESTful APIs**, and MySQL. Proficient in frontend technologies including **HTML5, CSS3, JavaScript, ReactJS**, and Bootstrap. Passionate about building scalable web applications and developing efficient backend services using modern Java technologies. Eager to contribute to a dynamic team and grow as a software engineer.

Technical Skills

Programming: Java (OOP, Collections, Multithreading)

Backend: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, JDBC

Frontend: HTML5, CSS3, JavaScript, ReactJS, Bootstrap

Database: MySQL, SQL

Tools: Git, GitHub, Postman, Maven, IntelliJ IDEA, VS Code

Projects

Student Management System (2026) | Java, Spring Boot, JPA, Hibernate, MySQL, REST API

GitHub:- github.com/devanandbele123/student_management_system

- Developed a RESTful backend application to manage student records, including create, update, delete, and retrieve operations.
- Implemented layered architecture (Controller, Service, Repository) for scalable and maintainable application structure.
- Integrated Spring Data JPA and Hibernate ORM with MySQL database for efficient data management.
- Implemented global exception handling using **@ControllerAdvice** to improve API reliability and error handling.
- Tested REST APIs using Postman for request and response validation.

Dynamic College Website (2025) | HTML, CSS, JavaScript, Bootstrap

Live:- mahatma-gandhi-mahavidhyalaya.netlify.app

- Developed a responsive college website using **HTML, CSS, JavaScript, and Bootstrap**, replicating the original college website with additional custom features.
- Designed and implemented sections for **courses, admissions, faculty details, departments, laboratories, principal information, and college infrastructure**.
- Enhanced UI/UX by redesigning the entire website layout and ensuring full **responsiveness across all devices** (mobile, tablet, desktop).
- Added dynamic features and improved user interaction to provide a more engaging and informative experience.
- Ensured **cross-browser compatibility** and optimized performance for faster page loading.
- Recognized with **1st rank in college** for developing this project.

Portfolio Website (2026) | HTML, CSS, JavaScript, Bootstrap

Live:- devanand-bele-portfolio.netlify.app

- Developed and deployed a personal portfolio website showcasing **educational details, projects, skills, and personal information**.
- Designed a clean and user-friendly interface to effectively present profile, project work, and technical skills.
- Implemented responsive design to ensure seamless performance across **mobile, tablet, and desktop devices**.
- Organized content into structured sections such as **About Me, Education, Projects, and Skills** for better usability.

Education

BCA - Swami Ramanand Teerth Marathwada University

2022 – 2025 | CGPA: 9.22

HSC - Maharashtra State Board

2019 | 59.08%

SSC - Maharashtra State Board

2017 | 81.20%

Certification

Java Full Stack Development - CJC Institute, Pune (2025–2026)
